Township schedules meeting for Creekside and Sterling Ridge residents regarding electricity

THE WOODLANDS, TEXAS (September 11, 2018) – The Woodlands Township has scheduled an opportunity for residents in the Villages of Creekside Park and Sterling Ridge to meet with CenterPoint Energy officials to address concerns regarding power interruptions. The meeting will be held at the Township Town Hall, 2801 Technology Forest Blvd., on Tuesday, September 18, 2018, from 6 to 7 p.m., in rooms 150-152. Residents should use the Board Chambers entrance to the building.

CenterPoint Energy electricity officials will provide a brief presentation and then meet individually with customers to address their respective concerns.

“We are glad to be able to create this opportunity for residents in Creekside Park and Sterling Ridge to meet with CenterPoint electric officials in person and ask questions face to face regarding power interruptions,” said Township Chairman of the Board Gordy Bunch.

While CenterPoint provides natural gas service to most of The Woodlands, CenterPoint Energy provides electricity to customers in the Village of Creekside Park and in the Village of Sterling Ridge.

Affected residents are asked to bring their questions in writing to the meeting if possible.

For additional information, please contact The Woodlands Township at 281-210-3800.
