Roger Galatas

Are you interested in local history? The Woodlands Community Magazine is pleased to announce that beginning with the January 2011 issue, Roger Galatas, former president of The Woodlands Development Company, past board member of the Town Center Improvement District and now executive advisor to real estate ventures, will share articles derived from his popular book, “The Woodlands, The Inside Story

of Creating a Better Hometown,” and other writings. The articles will provide a behind-the-scenes look at how George Mitchell’s community development initiative survived a challenging startup, including a brush with bankruptcy, to become a thriving community with international recognition where people live, work, play and learn.
