

## MONTGOMERY COUNTY OFFICIALS UPDATE CORONAVIRUS OUTBREAK

*Status Update from the Office of Homeland Security and Emergency Management*

### FOR IMMEDIATE RELEASE:

**April 23, 2020**

MONTGOMERY COUNTY – Montgomery County Public Health District, in conjunction with Montgomery County Office of Homeland Security and Emergency Management, is saddened to confirm the 8<sup>th</sup> death related to COVID-19 in Montgomery County. The man was a resident of The Woodlands, who was in his 80s. We offer our condolences to his family.

We can also confirm there are now 467 total positive cases of COVID-19, up 27 cases from yesterday. It's important to note, the statewide stay-at-home order remains in effect.

Details on individual cases can be found here: <https://mcphd-tx.org/coronavirus-covid-19/confirmed-cases/>.

Montgomery County Office of Emergency Management updates a dashboard for the cases here: <https://coronavirus-response-moco.hub.arcgis.com/>.

When you dial 9-1-1 under stress, you may not have access to important details, or you may have trouble remembering them. Smart911 is a new service in the community that allows you to create a Safety Profile at [www.smart911.com](http://www.smart911.com) that includes details you want the 9-1-1 center and public safety response teams to know about your household in an emergency. When you dial 9-1-1, your Safety Profile automatically displays to the 9-1-1 call taker, allowing them to send responders based on up-to-date location and emergency information. With your Safety Profile, responders can arrive aware of many details they would not otherwise know. Fire crews can arrive knowing exactly how many people live your

home and where the bedrooms are located. EMS personnel can know family members' allergies or specific medical conditions. And police can access a photo of a missing family member in seconds rather than minutes or hours, helping the search start faster.
