

MONTGOMERY COUNTY OFFICIALS UPDATE CORONAVIRUS OUTBREAK

Status Update from the Office of Homeland Security and Emergency Management

FOR IMMEDIATE RELEASE:

June 16, 2020

MONTGOMERY COUNTY – Montgomery County Public Health District, in conjunction with Montgomery County Office of Homeland Security and Emergency Management, can confirm the number of ACTIVE cases of COVID-19 has increased to 538 today. That number includes 7 hospitalizations of Montgomery County residents and 788 people that have fully recovered. The number of total positive cases has increased 59 since Monday to 1,359.

Just a reminder, hospitals in our region are seeing an increase in COVID-19 patients, so it is imperative for Montgomery County residents to continue abiding by CDC guidelines when in public places. If you do not feel well, stay home. The CDC recommends the following measures when you are in a public place:

- Stay at least six feet from others at all times.
- Wear a cloth face covering to help protect yourself and others.
- Wash hands often with soap and water for at least 20 seconds, especially after going to the bathroom, before eating, and after blowing your nose, coughing, or sneezing.
- Bring hand sanitizer with at least 60% alcohol to use if soap and water are not available.

The MCHD/MCPHD COVID-19 Call Center is open for residents needing COVID-19 testing through our voucher program, or for general questions, Monday-Friday 8:00am-3:30pm. Please call 936-523-5040 for more information.

You can view the list of case-by-case updates on the MCPHD website here: <https://mcphd-tx.org/coronavirus-covid-19/confirmed-cases/>. You can refer to the dashboard here: <https://coronavirus-response-moco.hub.arcgis.com/>.
