Trash service not interrupted by holiday weekend

THE WOODLANDS, TEXAS (September 3, 2021) – The Woodlands Township reminds residents that all solid waste services in the community will occur as usual over the Labor Day holiday with no interruptions or delay of services. Collection of trash, recycling, and yard waste will occur on regular service days, including Monday, September 6, 2021.

For a trouble-free pick-up, please place carts at the curb before 7 a.m. on your regular pick-up day. Keep streets clear of parked cars to allow trucks to access carts. Please make sure that lids on carts close completely and follow service guidelines.

Failure to follow guidelines will result in items being left at the curb.

[The Woodlands Recycling Center](#) on Research Forest Drive remains open every Wednesday from 4 to 7 p.m. and Saturday from 9 a.m. to 2 p.m.

Per the Holiday Collection Schedule, the only holidays that affect residential trash and recycling collection are New Year's Day, Thanksgiving Day, and Christmas Day. Find more information about trash and recycling services, please visit [Environmental Services online](#). To report missed pick-ups, please call Waste Management Customer Service at 800-800-5804.

RECYCLING REMINDER

Whether staying at home or on the go over the holiday weekend, don't forget that plastic bottles and aluminum cans are recyclable in your curbside cart. Just remember to rinse and empty first!

Be sure to check the lid of your recycling cart - the one with the yellow lid - for more guidelines on recyclable materials.

P.S. Remember to keep those plastic bags out of the cart to keep recycling working!
