## **COVID-19 Update for Montgomery County**

*Status Update from the Office of Homeland Security and Emergency Management*

MONTGOMERY COUNTY – Montgomery County Public Health District, in conjunction with the Montgomery County Office of Homeland Security and Emergency Management, can confirm we remain at record high levels of active COVID-19 cases in Montgomery County.

Have you been vaccinated for COVID-19? We strongly recommend it. Even if you contract COVID-19 after vaccination, the chances of severe illness, hospitalization and death are low. Just 55 percent of eligible Montgomery County residents are vaccinated. Need to find a vaccine? Click here for additional vaccine sites: <https://www.vaccines.gov/>.

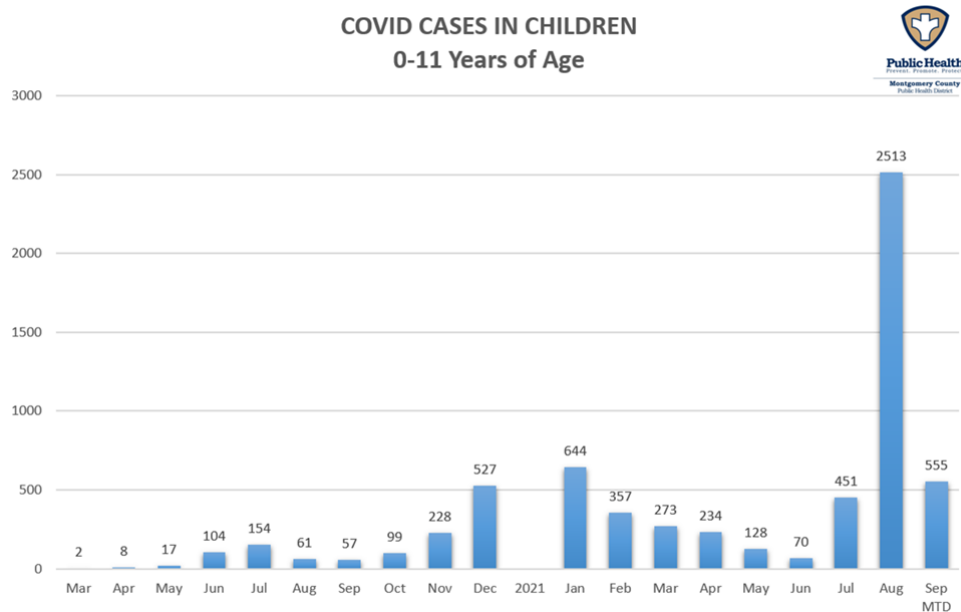

Today, we can also confirm one additional death related to COVID-19.

- A woman in her 60s, from Conroe, died in the hospital. She had co-morbidities in addition to testing positive for COVID-19. She was not vaccinated.

We can also confirm:

- TOTAL cases of COVID-19 increased by 955 to 80,405 since Friday's (9/10) report.
  - Of the 955 new cases, 147 are under the age of 12 and not eligible for vaccination.

- ACTIVE cases of COVID-19 decreased by 325 to 12,781 since Friday's (9/10) report.
  - Today, we accounted for 1,260 additional inactive cases who we have been unable to contact for 30 days or more.

- 349 county residents are known, as a result of contact investigations, to be in the hospital. Contact investigations have not been initiated on all reported cases.
- 32,107 people have clinically recovered.

**The Testing Positivity Rate for Montgomery County remains at 20%, down from 21% Friday 9/3/21.**

Source: UT Health, School of Public Health

\*These numbers include PCR and rapid antigen testing. We do not include antibody testing.

Have a question about COVID-19? You can reach the Montgomery County COVID-19 Call Center at 936-523-3916. It is open Monday-Thursday from 8:00am-4:30pm and Friday 8:00am-4:00pm.

***Do your part to slow the spread of COVID-19. The best way to protect yourself and those around you is to be vaccinated. You should also:***

- ***Avoid groups of people.***
- ***Practice social distancing.***
- ***Wear a mask in public (over your nose and mouth) or with others who live outside your household. Never share a mask with others.***
- ***Wash your hands or use hand sanitizer frequently.***
- ***Disinfect surfaces in your car and around your home.***
