THE WOODLANDS TOWNSHIP PUBLIC SAFETY REPORT

Each year around this time, we see a rise in Fraud Schemes and Scams that residents fall prey to. While I am pleased to announce that they are down, we still have residents who will be deceived into sending funds, usually via gift cards, to criminals, many of whom are in foreign countries. Remember, law enforcement nor the IRS will ever call you if there is a warrant, and certainly will not let you resolve the matter with a gift card.

We have more individuals who solicit at intersections and in parking lots of commercial retail establishments. While we are a community of compassionate individuals, some also prey upon that generosity.

THE WOODLANDS TOWNSHIP PUBLIC SAFETY REPORT

While giving for the right reasons, we could unwittingly encourage or support addiction, human trafficking, or other nefarious activities. When we give to solicitors, we do not know the funds we are giving may be supporting.

Some local organizations and churches help those in need. They have processes to ensure your donations are used as you intended. Before handing cash out of your car window at an intersection, please consider supporting a legitimate charity and not risk supporting a criminal enterprise. We have wonderful Non-Profit Organizations, which include Interfaith of The Woodlands. They have a process to ensure your donated dollars are going to benefit needy individual, than enabling a destructive behavior.
