Texas TreeVentures reopens with new expansion, extended spring break hours

THE WOODLANDS, TEXAS (March 10, 2023) – After closing for renovation on January 4, 2023, Texas TreeVentures is excited to announce that its expanded adventure course has officially reopened. Texas TreeVentures, which first opened its doors on April 19, 2019, has seen nearly 50,000 participants, making it a popular destination for adventure seekers in the greater Houston area.

“This is a place where all ages can experience the great outdoors,” said Township Chairman Dr. Ann K. Snyder. “This is a truly exceptional attraction enjoyed by our residents and visitors, an attraction very unique to our region in Texas. This is a great example of how fortunate we are to live in such a special place to create unique offerings for our residents and visitors. I would like to acknowledge and thank all those responsible for making this great facility happen.”

With nearly 100 elements on the course, Texas TreeVentures offers a unique experience for many ages and abilities. Participants must meet certain requirements, such as weight restrictions between 44 and 275 pounds, and being at least 6 years old with active adult supervision for ages 6 to 12 years old. The recently completed expansion added 24 new elements, including one multi-level element, providing even more fun and challenging options for climbers.

In addition to the expanded course, Texas TreeVentures also has upcoming special events such as “Lights, Heights & Bites” and “Glow in the Park” for guests to enjoy.
