**Resident input invited to public forum concerning short-term residential rentals**

THE WOODLANDS, TEXAS (April 26, 2016) – The Development Standards Committee is hosting a public forum to solicit input from residents regarding provisions to allow the use of residential properties for short-term rentals. The meeting will commence Wednesday, May 11, 2016, at 6:30 pm at The Woodlands Township Town Hall Board Chambers at 2801 Technology Forest Boulevard.

The Development Standards Committee consists of four residents appointed by The Woodlands Township Board of Directors and three appointees of The Woodlands Development Company to adopt and enforce standards governing property use and maintenance. This is the committee that also reviews requests for improvements on all existing commercial properties and is the only committee with the power to grant variances.
