Waiver and Release of Liability: Covenants and Easements

Improvements, including but not limited to swimming pools, associated walls, decking, spas, room additions, and summer kitchens may not be located within a covenant easement, additional easement, or beyond a platted building line. Any improvement constructed within an easement without the consent of the easement holder is subject to removal by that easement holder. Any action by the Plan Review Committees as established in the Residential Development Standards, only applies to the Covenant Easements. The owner must contact the additional entities for approval within an easement. Placement of the improvements is at the owner's risk. ALL EASEMENTS, including but not limited to Covenants and Center Point Energy Easements must be verified and reflected on application materials, which includes but is not limited to surveys. Any improvements must comply with all Covenants and Easements.

Homeowner/Contractor Checklist:

- Verify all Covenants and Easements applicable to your property.
- Ensure all Covenants and Easements are represented on your survey and associated materials.
- Clearly mark improvements in relation to the **Covenant Easement**.
- Clearly mark improvements in relation to the **CenterPoint Energy Easement**.
- Ensure all application materials accurately and completely account for these Covenants and Easements.

Owner understands that it is the duty of the owner and the owner's contractors, consultants, and/or agents to design and construct the proposed improvements according to applicable laws, code, and sound practices. In consideration of being able to propose residential improvements, Owner hereby releases, waives, discharges, covenants not to sue, and agrees to hold The Woodlands Township, The Plan Review Committees, and their agents and employees harmless from any cost or liability arising out of the review or approval of plans for the proposed improvements and to indemnify the releasees and each of them from any loss, liability, damage, claim or demand, or cost on account of the proposed improvements.
